REPORT OF THE FIREWARDS
1955

During 1955 we answered nineteen calls; four of these were general alarms, six were chimney fires, six were grass fires. In addition, we had one truck fire, one automobile fire, and one rescue call.

We believe the Fire Department to be in good condition. We spent less than we asked for, but we are again increasing our request from $3,100 to $3,500 because during the coming year, we will lose the Telephone Company, who have done such a wonderful job of operating our fire alarm system over a good many years. We will have to install what they refer to as the "Red Network," at a cost of about $500 a year, which is going to increase our operating cost by that amount. In addition to that, we want to extend the fire alarm system, and we also want to install radio communication on our trucks, all of which, we believe, will improve the service that we can give.

We appreciate the loyalty and good service extended, not only by the members of the Fire Company, but by the interest shown by the citizens of the town.

Respectfully submitted,
WILLIAM J. PRARIO,
ROBERT H. CONGDON,
GEORGE K. RIPLEY,
Firewards.

WAR MEMORIAL COMMITTEE — ANNUAL REPORT

The 1955 summer program at the Sand Dam was exclusively a swimming year. Unusually hot weather brought 275 Troy children the first day. Daily attendance was well over 200 children until late in the season. The results were that 70 children passed tests from Beginners to Life Saving. Director Ralph Staples and his assistant, Eberhardt Reichmann, deserve much credit for their capable handling of so many children.

The bath house started in the fall of 1954 was finished in time for the season's opening. As usual many people gave freely of their time to complete the project. A new rack for hanging clothes with a top shelf for small articles was installed on the dam.

The tennis courts had a third and final coat of asphalt and sand. The playing surface is fair at present and heavy rolling during warm weather should make this a good surface without further expense.

The beach weathered well and did not need grading this year.

The baseball field is holding out well but could stand a small amount of fill in the first base line with a general application of hay mulch and fertilzer to thicken grass growth. The Fitzwilliam A.A. used the field during the summer and in addition to their usual good care of the area donated $10.00 to the War Memorial Program.

The Keene summer program used our facilities and averaged about 50 children a day. As the concession stand was not run by us this year they brought their own bottled tonic and it was available at cost to all children at the area.

SPECIAL SAND DAM ACCOUNT

Balance from 1954		$123 13

At a meeting of the Committee on January 13, 1956 it was voted to use this money for construction of toilet facilities with a cement foundation. Edward Lang will contact Howard Moore for plans.

Mr. Ralph Staples was retained as water front director for the 1956 season. The position of assistant is still open. A subcommittee of Clark, Cumings and Paul were voted to handle this matter.

TROY WAR MEMORIAL SUMMER PROGRAM REPORT

The 1955 summer recreational program at the Sand Dam had a successful season with many new activities. The total attendance figured on a cumulative basis was 6 thousand children-days from Troy. This figure does not include adults and the Keene children. Due to the very hot summer a great deal of emphasis was placed on the water program. The break down on the Red Cross Swimming Program showed that of the 125 children that took swimming lessons, 70 completed the course. We had 24 beginners, 22 intermediates, 18 swimmers, and 6 Junior Life Savers.

The following received National Red Cross Swimming and Life saving cards:

Junior Life saving: Jean Koski, Nancy Judd, Jimmy Dunn, Jim McGinness, Ed Ojala, Peter Paul.

Swimmers: Jimmy Dunn, Paul Starkey, Bert Lang, Gordon Davis, Robert Tucker, Bruce St. Pierre, Edward Ojala, Jean Koski, Carolyn Judd, Elsie Judd, Clarence Nelson, Marilyn Drugg, Jacqueline Abare, Saundra LaPointe, Geraldine Johnson, George Tatro, Vilho Paju, Kathy Atkins.

Intermediate Swimmers: Ann Rocheleau, Brenda Lagrenade, Gerald Callahan, Priscilla Forstrom, Robert Heinonen, Annette Desmarais, Rose Alger, Wayne Alger, Donald Shackette, Dorothea Mann, Deborah Cumings, Carol Cumings, Paul Jacobson, Buddy Jacobson, Betsy McGough, Ricky Oman, Ronald Forstrom, Pamela Rouleau, Alan Lepisto, Gary Lang, Margaret Cumings, Sharon Girouard.

Beginners in Swimming: Mary Callahan, Charles Lepisto, James Williams, Nancy Backman, Bonnie St. Pierre, Wendy Basto, Ronald Koski, David Lagrenade, Joe Trudelle, William Jacobson, Laura Clark, David Wilder, Daniel Kivela, Paul Johnson, Marjorie May, Sandra Goodell, Laird Conover, Lawrence Clark, Brenda Lagrenade, Ralph Atkins, Ruth Johnson, Leonard Ball, Christopher Congdon, Renauld Desmarais.

These achievements represent a considerable amount of work by the boys and girls of Troy.

The third annual tri-town swimming meet was held at the sand dam. It consisted of swimmers from Troy, Keene, and Marlboro. Troy placed first.

The tennis courts are a valuable addition to the program, equipment and tennis instructions were provided.

A typical day of the summer program would consist of the following activities:

9:30-10:30 A.M.	Beginners swimming lessons.
	Intermediate swimming lessons.
10:30-12:00 A.M.	Boating and Canoeing.
	Junior Life Saving.
1:30- 3:00 P.M.	Baseball game.
3:00- 4:00 P.M.	General swimming.

The staff wishes to express its thanks to all the people who contributed to the success of the program.

Respectfully submitted,
RALPH L. STAPLES,
EBERHARDT REICHMANN.

REPORT OF THE PRINCIPAL OF THE TROY HIGH SCHOOL

To the Superintendent of Schools:

I herewith submit my fifth report as principal of the Troy High School.

The most up-to-date courses of study, new buildings, and new equipment will be hardly noticeable unless classroom teachers and teaching are also affected. The education of our children in this rapidly changing society demands a teaching staff that is willing and able to participate in continuous self evaluation and the evaluation of course content and its relationship to the pupil. Our basic needs for space has been satisfied by the additional building, and our teaching equipment has been continuously modernized. With this comforting thought in mind, I feel that our efforts should now be focused upon the evaluation and improvement of our program contents and methods of teaching. To suggest that our system needs evaluation and improvements, should not imply that our system is inferior to other public schools, but on the contrary it should imply that we are aware of the most important factor in maintaining the highest possible standards for the education of our children.

The amount of study and improvement accomplished will depend upon the experience and quality of our teaching staff. In this period when teachers are scarce (particularly good teachers) our community must help encourage our good teachers to remain in Troy and to further attract best teachers available. Assuming that our children deserve educational opportunities equal to any other community, it seems self evident that we should encourage teachers to enter the Troy system for reasons other than brief training period before moving on to larger schools. Real progress in this direction

has developed in recent years. I believe that the following conditions or considerations provided by the school board and town of Troy have tended to improve and stabilize our staff: (a) living accommodations for staff members, (b) salaries equal to surrounding communities, including Keene, (c) support of school and activities by community, (d) improved teaching conditions by decrease of teaching load and modernizing classroom equipment.

With hope that our educational system can attract high quality teachers who will find satisfaction in remaining for some time, I feel that our educational program will continue to improve.

Staff Changes—When Mrs. Jean Fletcher was unable to continue as Home Economics teacher we were very fortunate in persuading Mrs. Ruth Cumings, a prominent, active citizen of Troy, to fill this vacancy. Mrs. Cumings graduated from Keene Teachers College in 1939. She taught for six years before retiring because of family responsibilities. Mrs. Cumings is now teaching on a part-time basis, handling all Home Economics courses.

Mr. William Beauregard was hired to replace Mr. Donald Fletcher as teacher of mathematics and science in grades 7-8-9. Mr. Beauregard graduated from Keene Teachers College in June 1955. He is married and living in his home town of Marlboro.

As a result of our expanded program of studies, particularly in the area of physical education, we have added a staff member. Miss Helen Potter, a recent graduate of Plymouth Teachers College, joined the staff to teach girls' physical education, grade eight English and Social Studies, and Civics in grade nine.

ENROLLMENT, SEPTEMBER 1955

Grade 1	33	Grade 7	33
2	45	8	28
3	33	9	28
4	35	10	21
5	31	11	22
6	33	12	22
Total	210	Total	154

Total Grades 1-12 — 364 (increase of 19 over 1954 enrollment).

Number of tuition pupils September 1955 — 15.

Secondary School Curriculum Improvement—Now that we have completed our study of the Social Studies program and have established a unified program, the staff is focusing attention on efforts to improve reading, composition, speech, and spelling in the high school. One meeting each month, led by Miss Joslin, is devoted to discussion and study of this very real problem, existing in most secondary schools today. As a result of study and discussion increased attention has been given to the standards expected by all pupils in every subject. We are overcoming the attitude, held by many teachers in secondary education, that reading, composition, speech, and spelling is for the English department alone.

Elementary School Curriculum Improvement—Like the secondary, the elementary teachers have completed a study and revision of the Social Studies program. We are now in the process of making an evaluation of our arithmetic and science program and hope that the sharing of teaching methods and activities together with study of standardized test results will result in better understanding of our strengths and weaknesses.

A highlight for the pupils of grades 3-6 this year has been the introduction of Y.M.C.A. sponsored socials. Through the efforts of Mr. and Mrs. Charles Plimpton, assistant county Y.M.C.A. secretary, we now are enjoying a two hour social

period one evening each month. Mr. and Mrs. Plimpton, with the help of the teachers and several parents, conduct a game period, show movies, and serve refreshments.

Practice teachers from Keene Teachers College are coming to Troy in larger numbers, and they certainly are a welcomed help in the ever increasing size of our classes.

Grade two which has a bulge of 46 pupils has presented a problem since these pupils entered school. We used a part-time teacher to assist the group through grade one and during the first part of this year we depended upon practice teachers to assist. We have tried to look at all of the factors involved in continuing this large class and in January 1956 made the decision to decrease the class size to 39 pupils by accelerating 7 of the better pupils. After a conference with the parents all agreed to let their children go into the third grade immediately with plans for helping them to advance into grade four next fall. This group will be watched very carefully for their progress, as a result of acceleration, will be a useful record in future years.

TROY HIGH SCHOOL ACTIVITY PROGRAM

Leadership Training

I think it is significant to report that the student council at Troy is becoming more and more active. Some of the more important projects of this group during the 1954-55 school year were:

(a) Sending 6 delegates to YMCA Older Boys Conference.

(b) Sending 5 delegates to YMCA Older Girls Conference.

(c) Sending 3 representatives to Hanover and Concord to participate in Youth and Government Program sponsored by the Y.M.C.A.

(d) Sending a representative to the National Association of Student Councils at Ardmore, Penn.

(e) Sending nine representatives to regional conference of Student Councils at Goffstown, N.H.

Halloween Festival

This fall of 1955 we held our fourth Halloween Festival and the very delightful improvement over previous years, in my estimation, was the separation of children into three groups for the party after the costume parade. Grades 1-2 and preschool group was given a party by the Legion Auxiliary; Grades 3-4 were guests of the American Legion; while the teachers of grades 5-6, with the help of parents, held a party for that group. The high school pupils and adults enjoyed a dance in the auditorium as they have in the past.

Washington Trip Fund

Are Troy High School seniors going to continue to take their customary trip to Washington, D.C. in the coming years? This is a very serious problem for classes are growing in size and costs are rising. To try and solve the problem of financing this trip, the student council suggested the plan of having a series of suppers at school with all pupils in the high school helping. The profits from these suppers to go into a fund to be used toward the Washington trip. I hope that the parents and citizens of Troy will support this activity by attending the suppers and volunteering as helpers in the preparation of the meals. What better experience could be provided at the end of twelve years of education than a well-planned tour of our seat of government? How much more meaningful becomes the study of history and government after the group climbs to the top of the Washington monument, stand in awe reading the Gettysburg address with the lifelike statue of Abraham Lincoln assuring us of the importance of guarding forever our beloved freedoms, and a visit to capitol hill to witness our great Congress in action. Books and study cannot furnish the feeling of confidence and patriotic love of country that creeps over one as he visits the Supreme Court and Library of Congress, realizing that here is an accumulation of the greatest minds, and deeds of all ages dedicated to the improvement of government by and for the peoples. Time will tell whether or not suppers are the answer to our problem, but it is apparent that community support for Washington Trip Funds is now a necessity.

Teachers' Association

The local teachers continue their work together as an association for the purpose of self improvement and improvement of our educational system. Perhaps the most important contribution of this group has been the establishment of scholarship loan to assist any deserving graduate of Troy High School who is going on to higher education. At present, funds are limited but we hope that the future will prove prosperous. Any student graduating from Troy may apply for aid up to the sum of $100 per year. This loan to be paid back after graduation from higher institution or within one year after terminating study at any post secondary institution. We hope that this may encourage some worthy students who otherwise would find it impossible to enter higher education.

In closing I wish to express my sincere appreciation for the support and cooperation of faculty, superintendent of schools, and school board during the past year.

Respectfully submitted,
CORRIDON TRASK, JR.,
Principal.

TROY HIGH SCHOOL ATHLETIC PROGRAM
1954-55

The public spirited citizens of Troy should take extreme pride in their outstanding contribution to the education of their youngsters and the resulting achievement of better town spirit and cooperation, through the acquisition of the new addition to the school plant.

One needs only to delve back through the annals of history to become aware of the fact that the ancient Greeks have exerted a tremendous influence on our present way of life. Even as early as 500 B.C. the Greeks had more foresight than many of the communities of today as they realized the significance of athletics in relation to their entire conception of adequate training for youngsters in body and spirit as well as in mind. This speculation in regard to the welfare of the youngsters and their future destiny should be of prodigious concern to all of us especially in today's mechanized and highly competitive society. The main aim of the ancient Greeks was to produce good citizens, people of moral excellence whose physical and intellectual natures were equally developed and balanced. Is it too much to expect the same type of individuals today?

Troy high school today enjoys the advantages of a full fall, winter, and spring sports schedule plus the addition of a physical education program. The intermural program includes basketball, baseball, track and cross country while the intramural program includes these sports plus a number of individual and other team sports.

The initiation of cross country proved to be an outstanding success as it gave the youngsters a much needed fall sport that had been sadly lacking and it also uncovered two champions that might otherwise have gone unnoticed.

The Trojan basketball team quickly became orientated to the spacious confines of its new court and compiled a fine record of 15 wins and 5 losses. As a result of their fine season the boys qualified for the state championship. Although the Trojans lost in the opening round playoff they demonstrated the material of which champions are bred by capturing the Tri-State Championship by walloping Thayer high, a team that had beaten them twice during regular season play, 54-40 in the finals. This triumph marked the first major basketball title for Troy High team. The 1954-55 edition of the Trojans produced a number of standout performers notably Ken LaPointe who finished 3rd in the state free throw shooting championship.

In the spring of 1955 the Troy Junior Chamber of Commerce sponsored a banquet for the winning Trojan basketball team and the Johnson boys were honored for their exploits. The value of a large auditorium was again demonstrated as a large throng of well-wishes filled every table for the festivity. Award sweaters, trophies, and letters were presented to the athletes. Activities of this type should become a tradition to the town and should be continued yearly regardless of the record of the team. The players believe in the saying, "Give to the game the best that you have and the best will come back to you." With this thought in mind Troy will continue to be on the "winning side" no matter what the score of the game is.

The baseball team continued where the basketball team left off and won 11 games while losing two. Troy High School fielded a track team for the first time in its history and competed in the state championships at The University of New Hampshire. The team showed up well at this and other meets and Donald and Harold Johnson won two events at Durham. Since then Harold Johnson has achieved fame in New England by winning the New England Cross Country Championship and the mile run in Boston.

Perhaps Troy is even a step ahead of the ancient Greeks and their philosophy toward physical education for we realize that girls as well as boys benefit from physical activity. We are now offering two periods each week of physical education to every girl. Girls interested in basketball also have the opportunity of playing in the interscholastic program. The girls generally play the preliminary game of boys' varsity program.

Respectfully submitted,
HERBERT SILANDER,
Director of Physical Education.

REPORT OF SUPERINTENDENT OF SCHOOLS

As one school problem is met and solved, others seem to rise. Fortunately, Troy's major problem, and addition, was solved a year ago. It is interesting to note, that by architect and builders figures, this addition today would cost an extra $15,000 because of the rising costs of materials and labor. School problems this year center around the improvement of existing playground facilities, the purchase of additional land for providing adequate playground space and the improvement of our instructional program.

Instruction at the school is in the hands of an experienced and capable staff under the leadership of an able, energetic principal. Many staff members continue to improve themselves by attendance at summer school or by extension courses offered in the evening. In addition, constant study is made in frequent teachers meetings, of ways to improve instruction and guidance of the pupils. With generous salary adjustments, continued good working conditions and public support and appreciation for our teachers, these good conditions may be expected to continue.

Financially, I feel that there is good news for local taxpayers. We at present have two sources of revenue to help pay for the school building. One, tuition payments of about $4,000 a year from Fitzwilliam pupils attending at Troy High School; and two, state aid for building construction amounting to about $2,000. A third source of help we may expect this year may be a Federal aid grant for school construction aid amounting to perhaps $2,000 or more. At present then, over half the cost of construction is being met by funds from outside the community, with the possibility that 80% of costs may be available, from other than local taxes. With this favorable condition, it would seem wise at this time to purchase available land for our playground or future needs.

My report would not be complete without a word of thanks to Mr. Francis Johnson for his excellent work in improving the grading of school grounds and his interest and effort in having the street in front of the building graded and paved.

Educationally and athletically, Troy is reaping a fine harvest from its improved school plant and educational facilities.

DR. CHARLES L. BOWLBY,
Superintendent.

MARCH 8, 1955

School District meeting called to order on March 8, 1955 at 10:30 a.m. by Samuel E. Paul, who read warrant to be acted upon; Art. 1-2-3-4-5-6-7-8.

Art. 1. By ballot polls open 10:30 a.m. to 6:00 p.m.

Motion by George K. Ripley and supported that Art. 4 be taken up after Art. 7. Motion carried in the affirmative.

Mr. Clarence Abare explained about balloting; stating it could have been done at 10:00 a.m., at which time Town affairs were being balloted for. (Town officers polls opened ot 10:00 a.m.)

Art. 2. Roger Smith, member of the School Board, made a motion and was supported $217.00 be amount to be determined. Motion carried in the affirmative.

Art. 3. Ernest Woodbury Jr., member of the School Board spoke; next year Building report will be available. Full report not being furnished this year on account of building not approved and not finished. Motion by Mr. Woodbury and supported that reports be accepted as reported in Town Report. Motion carried in the affirmative.

Art. 5. Fuller Ripley, member of the School Board, explained budget report, as to page 86 of Town Report on; salaries, light, water fund, janitor wages, also expenses, repairs

and equipment needed; interest on debt, schedule of payments, State aid, expectance of 20 additional tuitions from Fitzwilliam students, betterment as to larger student body. Motion by F. Fuller Ripley and seconded by Ernest Woodbury that Art. 5 be accepted as per copy. Vote by show of hands: 41 affirmative (yes) 0 negative (nay).

Copy of Art. 5. To see what sum of money the district will raise and appropriate for the support of schools, for the salaries of school district officials and agents, and for the payment of statutory obligations of the district, and to authorize the application against said appropriation of such sums as are estimated to be received from the state equalization funds together with other income; the school board to certify to the selectmen the balance between the estimated revenue and the appropriation which balance is to be raised by taxes by the town.

MOTION: by F. F. Ripley and seconded by Ernest Woodbury.

Moved that the school district raise and appropriate the sum of $93,564.00 and to authorize and direct the school board to apply against said appropriation such income as is estimated by the school board exclusive of state aid to be received by the school district during the next fiscal year, to authorize the school board to apply against such appropriation the sum to be received from state aid and with the school district clerk certify to the selectmen the balance as an assessment to be raised by the town for school purposes. By show of hands 41 affirmative, 0 negative.

Art. 6. Mr. Woodbury explained article covered period between January 1, 1954 and June 30, 1954: account of errors, things coming up after estimates a year ago, over-drawn on Treasurer, major teacher salaries, home economics teacher at more wages, larger first grade class needing extra assistant teachers at $1,200.00 salary, additional salaries, supplies, higher prices, Ripley Memorial housing, six teachers, constructing new apartment to accommodate two more teachers; credit on over-estimate on insurance, rent representing minimum of

$400.00 to July; extra income from additional tuition. This the first time ever asked for additional amount.

Motion by Mr. Woodbury and supported by Mr. F. Ripley.

Art. 6. To see if the district will vote to raise and appropriate the sum of two thousand nine hundred ($2,900) as a deficit appropriation to be made available prior to June 30, 1955; to meet the cost of extra teacher service and necessary alteration work on the Ripley Homestead building, not contemplated or included in the present budget. Vote by show of hands: 31 affirmative, 0 negative.

Art. 7. Mr. Roger Smith, member of school board, mentioned building account on page 105 and explained deficit.

Mr. Hutt asked question of how many apartments Ripley Memorial consists of. Mr. Woodbury, member of school board answered four apartments.

Mr. Calvin Cumings' question: Are these things purchased or put out for bids?

Mr. Fuller Ripley answered if no objections Mr. Bowlby answer questions by explaining as to bids, quotations not published but given to salesmen, etc. Example: on furniture, prices received from six salesmen, one salesman closing out of a certain model at a cheaper price. Purchase was made at a saving of $6.00 less than bids at a saving of approximately $600.00 on furniture.

On curtains three bids received; purchase made from Wood Bros., which was cheapest.

This method used to save on advertised bids.

Mr. Bowlby would go over any item in the school with you and doubt if you could buy any cheaper than he did on this method. Never purchased anything until two prices were submitted. He has had six years experience in this matter. Sum asked for will cover all bills on building.

School is completely equipped as any other school.

Explained about net on curtain being a U. S. Navy Shrimp net; saved on this.

Motion by Roger Smith and seconded by Mr. Basto on Art. 7. Vote by show of hands; 29 in the affirmative, 0 negative.

Art. 4. No action taken.

Art. 8. No business.

Harold Boyden appointed moderator pro tem in place of Dr. Paul from 12 noon to 5 p.m.

Clarence Abare appointed clerk pro tem in place of Vaughn Derby from 12 noon to 1:00 p.m.

Polls and meeting adjourned at 6:00 p.m.
